

BUILDING PEACEFUL SCHOOLS

JUNIOR PEACEMAKER WORKSHOPS

**For primary schools in
Summer/Autumn 2021**

ONE DAY WORKSHOPS FOR KS2 PUPILS

Peace-themed workshops that shine a light on important global themes, whilst making connections to children's everyday lives.

Step 1: Choose A Theme

All workshops take place in your school. Children are taken through a journey to explore **peace within, peace between, and peace throughout**, and to develop peace-building skills such as cooperation, critical thinking, participation and leadership. Each workshop includes an outdoor element and ideas for sharing learning across the school. [Click here for workshop details.](#)

Creating a Healthy School ~ wellbeing & relationship building

Peace Begins with Me ~ what can we learn about ourselves by going outdoors?

Climate Justice ~ peace, sustainability and rights

A Sense of Belonging ~ welcoming refugees & asylum seekers

Step 2: Select a Year Group

We can work with a KS2 Year Group [of up to 3 classes] in one day, or with a smaller group [minimum of 12 children]. Ideally, we will have access to the hall, the classrooms and your outdoor space, but we can adapt to work within the guidelines of your COVID-19 risk assessment. Our risk assessment can be [viewed here](#). Please contact us if you would like to talk things through before making a booking.

Step 3: Return your booking form

[A booking form can be found here](#). Please complete this and return it to us. Your place will only be booked when we have confirmed by email. We have a limited number of days on offer so we will respond on a first-come, first-served basis. Send the form to libbs@peacemakers.org.uk.

Step 4: Make a Donation

These workshops have been generously funded to make them free to you. We would ask, however, that you consider making a donation towards our work, once the workshop is complete. This will help us offer a workshop to another school and so help in our mission to help build a peaceful future for the children & young people of the West Midlands.
